Request for Withholding Information from Public Disclosure

Reference:

1. NRC Regulatory Issue Summary 2009-06, "Importance of Giving NRC Advance Notice of Intent to Pursue License Renewal," dated June 15, 2009

In accordance with Reference 1, [REDACTED] hereby notifies the Nuclear Regulatory Commission (NRC) that it intends to submit a Subsequent License Renewal Application (SLRA) for the Operating Licenses for [REDACTED] in the fourth quarter 2020.

This notice is being submitted voluntarily to allow the NRC to plan more accurately and to budget agency resources accordingly. However, the fact that [REDACTED] plans to submit the SLRA, as well as the projected schedule of its submission, are both considered to be proprietary to [REDACTED].

Accordingly, [REDACTED] respectfully requests that this information be withheld from public disclosure and that any future NRC publicly-disclosed information identify the respective application as an "Unnamed Plant," and not identify [REDACTED] as the applicant. In accordance with 10 CFR 2.390(b), Enclosure 1 contains an affidavit pursuant to 10 CFR 2.390 providing the basis for withholding this information from public disclosure.

Further, pursuant to 10 CFR 2.390 and 10 CFR 9.17(a)(4), [REDACTED] requests that this letter and the accompanying affidavit be withheld from public disclosure because they contain confidential "commercial or financial information," the release of which would be harmful to the economic interests of [REDACTED]. A redacted version of this notification letter, suitable for public disclosure, is provided in Enclosure 2. If the NRC receives a request for disclosure of this information from any source, whether by an individual or by a government agency, or if the NRC is otherwise unable to honor [REDACTED]'s application for withholding sensitive information, then we respectfully request that the NRC notify [REDACTED] in advance of any possible public disclosure in order to provide us the opportunity to consider withdrawing this letter, pursuant to 10 CFR 2.390(c).
