Gentlemen:

This refers to the telephone conversation of December 31, 1980 between you and Mr. D. J. Sreniawski of my staff. It is our understanding that Mr. Jay Adler of Radiation Management Corp. of Northbrook, IL provided instruction and training to Mr. Joseph McGrath of McGean Chemical Corp. Inc. on December 29 and 30, 1980. The object of the instructions and training were to enable Mr. McGrath to assume the duties of Radiation Safety Officer for Building 21, Rooms A and B, at the 2910 S. Harvard Avenue facility in Newburgh Heights, Ohio. At the same time, Mr. McGrath was provided with the radiation survey instruments needed to perform these duties.

If your understanding differs from the description of the events as stated above, please contact Mr. Donald Sreniawski (phone 312/932-2513).

Sincerely,

James G. Keppler
