Mr. Charles R. Healy, Director
Quality Assurance
Ebasco Services Incorporated
Two World Trade Center
New York, New York 10048

Dear Mr. Healy:

This letter addresses the inspection of your office located in New York City conducted by Messrs. Robert L. Pettis, Jr., and Michael Snodderly of this office, and Michael Villaran of Brookhaven National Laboratory during the period May 7-9, 1990, and the discussion of their findings with Mr. William Stuckey and other members of your staff at the conclusion of the inspection.

The purpose of the inspection was to follow-up on a previous open item identified in NRC Inspection Report No. 99900505/89-01 which related to Ebasco's basis for placing several suppliers on the Waterford 3 approved suppliers list.

The specific areas examined during the inspection and our findings are discussed in the enclosed report. In addition to the review of procedures and records, the inspection consisted of interviews with Ebasco personnel and observations by the inspector.

Within the scope of this inspection, there were no instances found where Ebasco failed to meet NRC requirements. Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

E. William Brach, Chief
