

APPENDIX D
Template for Final Commission Memorandum
LIC-114, Revision 1
"Title 10 of the Code of Federal Regulations (10 CFR) Section 52.103(g)
Finding and Communication Process"

MEMORANDUM TO: Chairman [surname]
Commissioner [surname]
Commissioner [surname]
Commissioner [surname]
Commissioner [surname]

FROM: [name], Director
Office of Nuclear Reactor Regulation

SUBJECT: FINDING IN ACCORDANCE WITH 10 CFR 52.103(g)
THAT ALL ACCEPTANCE CRITERIA ARE MET FOR
[plant name]

In a memorandum to the Commission dated [XX/XX/XXXX], the staff provided the status of inspection and licensing activities related to the closure of inspections, tests, analyses, and acceptance criteria (ITAAC) for [plant name]. In addition, the staff provided the status of inspection activities related to operational programs. The staff has now completed all ITAAC notification reviews and all ITAAC-related inspections.

[Include paragraph, if necessary, on the status of any ITAAC hearing and interim operation determination.]

The staff has determined that [licensee name] has met all the acceptance criteria in Appendix C to the [plant name] combined license [license #]. The basis for the finding is included in a Basis Document that is publicly available in the Agencywide Documents Access and Management System (ADAMS) at Accession No. [MLXXXXXXXX] and is also on the public Web site: [hyperlink to public Web site]. Therefore, the staff is ready to make a finding that the acceptance criteria are met, under 10 CFR 52.103(g). The staff will make this finding on [3 calendar days from the date of this memorandum]. When the 10 CFR 52.103(g) finding is made [and an interim operation order issued], the licensee will be able to begin operation of the facility.

A *Federal Register* notice (draft available at ADAMS Accession No. [MLXXXXXXXX]) will be issued announcing the 10 CFR 52.103(g) finding. The staff will also send a letter will to the licensee (draft available at ADAMS Accession No. [MLXXXXXXXX]).

Enclosure 1 includes a table providing the status of operational program inspections.
[Summarize the staff's assessment of operational program implementation, including whether there are any significant issues arising from the operational program inspections that require NRC action.]
