Dear Workshop Participant:

Thank you for participating in the workshop on establishing an "authorized nuclear pharmacist" held on August 7, 1991 in Chicago. A copy of the transcript of the workshop is enclosed for your use and information. I believe that your suggested modifications to the "strawman" are excellent improvements and will be very useful during the development of a proposed rule.

You can expect to see a revised "strawman" in late October. I look forward to the next workshop after the proposed rule has been published for public comment.

Sincerely,

John Telford

John Telford, Chief
Rulemaking Section
Regulation Development Branch
Division of Regulatory Applications
Office of Nuclear Regulatory Research
