Docket No. 50-27

Washington State University
Pullman, Washington 99104

Attention: Mr. W. E. Wilson
Associate Director

Gentlemen:

This letter refers to the routine safeguards inspection of your activities authorized under NRC License No. R-76 conducted by Messrs. A. D. McQueen and C. A. Schwan of this office on July 19 and 20, 1982. It also refers to the discussions of our inspection findings held by the inspectors with you on July 20, 1982.

The inspection included examination of activities related to physical protection against radiological sabotage and against theft of special nuclear material in accordance with applicable requirements of Title 10, Code of Federal Regulations, Part 73, "Physical Protection of Plants and Materials," your Security Plan, and license conditions pertaining to physical protection as described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and records, interviews with facility personnel and observations by the inspector.

In accordance with Section 2.790(d) of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, documentation of the findings of your safeguards and security measures are exempt from public disclosure; therefore, the enclosed inspection report will not be placed in the Public Document Room.

Within the scope of this inspection, no items of noncompliance were observed.
