RE: Reply to a Notice of Violation, License #34-00398-08.

Dear Sir:

In reply to NRC Region III, letter dated October 10, 1993, the following response is submitted in chronological order as listed in subject letter.

I. Improper shipment of radioactive materials:

1) Violation:

Radioactive material as transferred without required packaging, shipping papers, and certification, marking and labeling.

2) Corrective Action:

This license will not ship radioactive material except by licensed transporter/broker.

3) Date of full compliance:
October 1, 1993

II. Radiation Survey

1) Violation:

Weekly radiation survey of radiopharmaceutical waste store area was not conducted.

2) Corrective Action:

Radiation safety survey with a radiation detection survey instrument will be conducted at least weekly in all areas where radiopharmaceuticals or radiopharmaceutical waste is stored.
