Mr. A. E. Lundvall, Jr.  
Vice President - Supply  
Baltimore Gas & Electric Company  
P. O. Box 1475  
Baltimore, Maryland 21203

Dear Mr. Lundvall:

In response to your letter of June 22, 1982 and our meeting of July 8, 1982, we believe that these discussions regarding your participation in the resolution of USI A-47 and A-49, for Calvert Cliffs, have been very productive.

With regard to your request, in your June 22, 1982 letter, for direct funding or reimbursement in connection with your effort on A-49, we cannot provide such a commitment. However, we would be willing to discuss this matter in the future if a situation should develop requiring significant information not normally available to a licensee.

On the matter of the applicability of plant-specific results, we believe that it would be appropriate to use generic criteria for screening purposes. Analysis available from work performed in support of A-49 would be acceptable in satisfying plant specific requirements.

Finally, with regard to the details of the A-47 review, we welcome additional meetings in order to describe details of the A-47 program.

Sincerely,

Original signed by
