Re: In the Matter of Duke Power
Company (Perkins Nuclear
Station Units 1, 2 and 3)

Dear Chairman Bowers:

This letter is to note your request for a response to the generic safety issue. We have just received applicants' filing which contained certain technical data. We will respond to that and to your invitation to comment on this matter by Tuesday, October 10, 1978. We are also in the process of preparing a request to admit, a request for production of documents and interrogatories in regard to the alternate site matter, which is now open. These documents will also be mailed by Tuesday, October 10, 1978.

Your attention is appreciated.

Very truly yours,

William G. Pfefferkorn
