

APPENDIX A  
NOTICE OF VIOLATION

ABC Testing, Inc.  
Bridgewater, Massachusetts 02324

Docket No. 030-19223  
License No. 20-19778-01

As a result of the inspection conducted on June 27 and 28, 1990, and in accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," 10 CFR Part 2, Appendix C (Enforcement Policy) (1988), the following violations were identified:

- A. 10 CFR 20.105(b)(1) requires that no licensee possess, use, or transfer licensed material in such a manner as to create in any unrestricted area from radioactive material and other sources of radiation in his possession, radiation levels which, if an individual were continuously present in the area, could result in his receiving a dose in excess of two millirem in any one hour.

Contrary to the above, on June 28, 1990, at a field site at the S.D. Warren Facility in Westbrook, Maine, inspectors were able to enter an area where radiation fields of 500 mRem/hr were measured. Entry into this area was not restricted nor was the area posted or under surveillance by the licensee's personnel.

This is a Severity Level IV violation. (Supplement IV)

- B. 10 CFR 34.33(a) requires that radiography personnel zero or recharge pocket dosimeters at the start of each shift.

Contrary to the above, on June 28, 1990, at a field site at the S.D. Warren Facility in Westbrook, Maine, the licensee's radiographers failed to recharge their pocket dosimeters prior to starting their shift.

This is a Severity Level V violation. (Supplement VI)

Pursuant to the provisions of 10 CFR 2.201, ABC Testing, Inc. is hereby required to submit to this office within thirty days of the date of the letter which transmitted this Notice, a written statement or explanation in reply, including:

- (1) the corrective steps which have been taken and the results achieved;
- (2) corrective steps which will be taken to avoid further violations; and
- (3) the date when full compliance will be achieved. Where good cause is shown, consideration will be given to extending this response time.
