

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20565

October 10, 1978

Docket No. 50-409

Dairyland Power Cooperative  
ATTN: Mr. John P. Madgett  
General Manager  
2615 East Avenue, South  
La Crosse, Wisconsin 54601

Gentlemen:

As you are aware, the normal channel of oral communication with the Office of Nuclear Reactor Regulation, NRR, is through the assigned Division of Operating Reactors, DOR, project manager or his backup. For the Systematic Evaluation Program, SEP, this procedure will continue to be followed to the extent practical in discussions concerning schedules, requests of additional information, and other matters requiring your support. However, to expedite reviews, direct oral communication between your staff and members of the SEP Branch and their supporting staff is encouraged for purposes of exchange or clarification of technical information. Therefore, with regard to the SEP you may expect to receive calls from NRR staff members other than the project manager. If any such calls require a significant effort on your part, please inform the DOR project manager.

Sincerely,

*Dennis L. Ziemann*  
Dennis L. Ziemann, Chief
