- Re: (a) Additional Drum Type Overpack for shipping our existing Model 500-SU, Iridium-192 Source Changer (Identification No. USA/9006/B(U)T.
 (b) My Letter dated May 27, 1982
 (c) Your Reference FCTC:RHO 71-9006

Dear Mr. MacDonald:

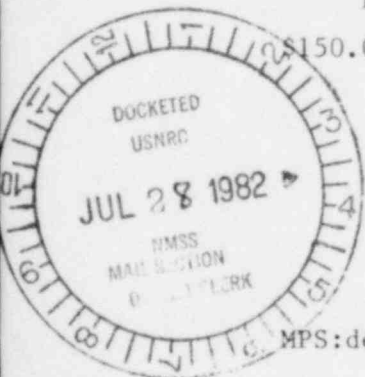

As suggested in your letter of June 15, 1982, we are requesting that an amendment be issued to the Certificates of Compliance and Competent Authority assigned to our package: Identification No. USA/9006/B(U)T.

The amendment should incorporate authorization for using the drum-overpack when the Model 500-SU Source Changer contains two (2) sealed sources of Iridium-192 or for certain other shipments of Iridium-192 that would necessitate the use of the overpack to reduce surface radiation levels below the 200 MR/HR maximum. We feel that the application requirement of 10CFR 71.21 have previously been satisfied by engineering drawings, test data and photos which are presently on file with your office.

Enclosed also find our Postal Money Order #27422647885 to cover the \$150.00 fee for evaluating this amendment request.

Sincerely,

Michael P. Santoro/det.
