TO: SAMUEL J. CHILK, SECRETARY OF THE COMMISSION
FROM: COMMISSIONER CURTISS
SUBJECT: SECY-90-055 - PIUS DESIGN REVIEW

APPROVED _____ DISAPPROVED _____ ABSTAIN _____
NOT PARTICIPATING _____ REQUEST DISCUSSION _____

COMMENTS:

Until we have determined the level of resources that will be required to support the priorities and process established by the Commission for the evolutionary and passive reactor designs, I am not prepared to commit resources to the review of advanced reactor designs such as PIUS. Once we have determined what resources will be required for the review of the evolutionary and passive designs (including the respective EPRI requirements document), I think it would then be appropriate to turn our attention to evaluating what resources, if any, are necessary or appropriate for review of the PIUS design. Accordingly, I would recommend that action on this paper be deferred until that time. [This should not be construed as an indication of my position on the merits of whether we should undertake a review of the PIUS design. I have not yet reached that decision.]
