Subject: NPOC Strategic Plan

Dear Dr. Murley:

Enclosed is a copy of the Nuclear Power Oversight Committee (NPOC) "Strategic Plan for Building New Nuclear Power Plants". This report will be released during the week of November 12 at the Nuclear Energy Forum in Washington D.C.

We in the EPRI/ALWR Program find the NPOC Plan extremely helpful in identifying where the Utility Requirements Documents fit in a larger overall picture and why their review and approval are important to achieving our goal.

Sincerely,

John D. Trotter
Manager, Regulatory Interface
