License No. 21-21265-01
Docket No. 030-20121

Gentlemen:

This refers to the special safety inspection conducted by Mr. Gary L. Shear of this office on October 9, 1990, of activities authorized by NRC Byproduct Material License No. 21-21265-01 and to the discussion of our findings with you at the conclusion of the inspection.

The inspection was initiated in response to allegations which were reported to the Region III office on July 18, 1990 (AMS No. RIII-90-A-0074). The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of representative records and interviews with personnel.

During this inspection, certain of your activities appeared to be in violation of NRC requirements, as specified in the enclosed Notice. A written response is required.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter, the enclosures, and your response to this letter will be placed in the NRC Public Document Room.

The responses directed by this letter and the accompanying Notice are not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, PL 96-511.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

John A. Grobe, Chief
Nuclear Materials Safety Branch
