Gentlemen:

This refers to the inspection conducted by Messrs. I. N. Jackiw, N. J. Chrissotimos and C. H. Brown of this office on August 21-25, and 31, September 1, 6-7, 13-14 and October 3-4, 1978, of activities at Quad-Cities Nuclear Power Station, Units 1 & 2, authorized by NRC Operating Licenses No. DPR-29 and DPR-30 and to the discussion of our findings with Mr. Kalivianakis at the conclusion of the inspection.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

Certain other activities, set forth in the enclosed Appendix A to this letter, appear to be a deviation from commitments which you have made in previous correspondence with the Commission. Please advise us in writing within twenty days of the corrective action you have taken or plan to take, showing the estimated date of completion with regard to this deviation.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter, the enclosures, and your response to this letter will be placed in the NRC's Public Document Room, except as follows. If the enclosures contain information that you or your contractors believe to be proprietary, you must apply in writing to this office, within twenty days of

your receipt of this letter, to withhold such information from public disclosure. The application must include a full statement of the reasons for which the information is considered proprietary, and should be prepared so that proprietary information identified in the application is contained in an enclosure to the application.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,
