In the Matter of)
Sparrow Resources, Ltd.) Byproduct Material
Box 100)
Clancy, Montana 59734) License 25-19218-01

ORDER OF REVOCATION OF LICENSE

I

Sparrow Resources, Ltd., Box 100, Clancy, Montana 59734 ("the licensee") is the holder of Byproduct Material License 25-19218-01 ("the license") issued by the Nuclear Regulatory Commission ("the Commission"). The license authorizes the possession and use of byproduct material under certain conditions specified therein. This license was originally issued on August 29, 1980. The present expiration date of the license is August 31, 1985.

II

On August 19, 1981, the licensee's activities authorized by License 25-19218-01 and located at 1085 Helena Avenue, Helena, Montana, was inspected by a representative(s) of the NRC Office of Inspection and Enforcement for health and safety purposes. On December 10, 1981, the Commission sent Invoice 0224P to the licensee requesting payment within 30 days of the inspection fee of \$390 required by 10 CFR 170 of the Commission's regulations. A second notice of payment due, together with a Notice of Violation, was sent to the licensee on January 12, 1982. A final notice of payment due was sent to the licensee on February 12, 1982. The licensee failed to pay the fee required by Part 170. As a consequence, on April 1, 1982 the Commission issued an Order to Show Cause ("the Order"), directing the licensee to show cause why the license should not be revoked permanently. The Order afforded the licensee an opportunity to file a written answer thereto within 20 days of the date of receipt of the Order and stated that upon the

licensee's failure to file an answer within the specified time, the Director of Administration or the Chief, License Fee Management Branch, Office of Administration, would issue a subsequent Order, without further notice, permanently revoking the license.

No answer was filed with the Commission by the licensee.

III

Accordingly, in view of the licensee's failure to respond to the allegations specified in the Order, on the basis of the violations alleged therein and, pursuant to the Commission's "Rules of Practice" in 10 CFR Part 2, IT IS HEREBY ORDERED THAT:

1. Byproduct Material License 25-19218-01 is revoked permanently;
2. The licensee shall dispose of any radioactive material acquired or possessed under the authority of License 25-19218-01 within 10 days from the date of this Order; and
3. The licensee shall notify the Chief, License Fee Management Branch, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, of the disposition of any licensed material which may have been possessed on the date of this Order under authority of License 25-19218-01 within 5 days after disposal of the material.
