Farmington Hills, MI 48024

License No. 21-14894-01

Gentlemen:

This refers to the special safety inspection regarding a reported theft of a vehicle containing a nuclear gauge conducted by Mr. W. J. Slawinski of this office on June 24, 1982, of activities at Neyer, Tiseo and Hindo, Ltd., authorized by NRC Byproduct Material License No. 21-14894-01 and to the discussion of our findings with Mrs. Linda Bennett at the conclusion of the inspection and to the telephone conversation with you on July 19, 1982.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

During this inspection, certain of your activities appeared to be in non-compliance with NRC requirements, as specified in the enclosed Appendix. Based on your letter dated June 30, 1982 and the telephone conversation on July 19, 1982, it appears that actions have been taken to correct the identified noncompliance and to prevent recurrence. It is anticipated that the corrective actions described in the above referenced letter will be completed by August 15, 1982. Consequently, no reply to this noncompliance is required and we have no further questions regarding this matter at this time.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you (or your contractors) believe to be exempt from disclosure under 10 CFR 9.5(a)(4), it is necessary that you (a) notify this office by telephone within ten (10) days from the date of this letter of your intention to file a request for withholding; and (b) submit within twenty-five (25) days from the date of this letter a written application to this office to withhold such information. If your receipt of this letter has been delayed such that less than seven (7) days are available for your review, please notify this office promptly so that a new due date may be established. Consistent with Section 2.790(b)(1), any such application must be accompanied by an affidavit executed by the owner of the information

which identifies the document or part sought to be withheld, and which contains a full statement of the reasons which are the bases for the claim that the information should be withheld from public disclosure. This section further requires the statement to address with specificity the considerations listed in 10 CFR 2.790(b)(4). The information sought to be withheld shall be incorporated as far as possible into a separate part of the affidavit. If we do not hear from you in this regard within the specified periods noted above, a copy of this letter and the enclosed inspection report will be placed in the Public Document Room.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

J. R. Miller, Chief  
Technical Inspection Branch
