Re: In the Matter of Long Island Lighting  
Company (Shoreham Nuclear Power Station,  
Unit 1), Docket No. 50-322

Dear Sir:

On October 29, 1990, the Nuclear Regulatory Commission was petitioned to reconsider its Memorandum and Order CLI-90-08 by the Shoreham-Wading River Central School District and the Scientists and Engineers for Secure Energy, Inc. ("Joint Petition"). On November 9, 1990, submissions were made to the Commission by the Department of Energy ("DOE") and the Council on Environmental Quality ("CEQ") concerning proper application of the National Environmental Policy Act to the Shoreham situation. The Long Island Power Authority ("LIPA") has prepared a Response to (1) Joint Petition for Reconsideration of CLI-90-08 and (2) Comments by DOE and CEQ. LIPA believes its comments will assist the Commission in addressing the issues raised by the October 29 and November 9 filings. I have enclosed for filing the original and two copies of LIPA's Response and of a motion seeking leave to file that Response.
