U. S. Nuclear Regulatory Commission
Attention: Mr. David J. Lange, Acting Chief
Operator Licensing Branch, OWFN-10D-22
Washington, D. C. 20555

Dear Mr. Lange:

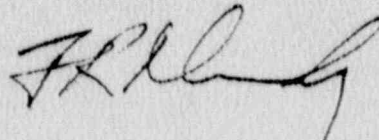

Subjec : Docket Nos. 50-206, 50-361, and 50-362
Response to Generic Letter 90-07
San Onofre Nuclear Generating Station
Units 1, 2, and 3

Reference: Letter, R. M. Rosenblum, SCE, to NRC, "Exemption request for
Simulator Certification and Operator Requalification Exam
Schedule," dated November 2, 1990.

This letter provides the Southern California Edison Company (SCE) response to
NRC Generic Letter 90-07, "Operator Licensing National Examination Schedule,"
dated August 10, 1990. The schedules on the enclosed sheets provide SCE's
best estimate through FY 1994 to meet our operator licensing needs. The
enclosed information is consistent with the NRC's National Examination
Schedule provided in Generic Letter 89-03, dated March 24, 1989. This
schedule reflects agreements reached between SCE and the NRC during meetings
on October 4 and 19, 1990, regarding the Unit 1 simulator and operator
examination schedules as documented in the referenced letter. If a
significant change to our estimates occurs, the NRC will be notified.

If you have any questions, please contact me.

Very truly yours,

Enclosures
