Gentlemen:

SUBJECT: INQUIRY NO. 90-001

This refers to a telephone inquiry between you and Steven Courtemanche of this office on November 1, 1990, concerning activities authorized by the above listed NRC license, as they relate to the transfer of licensed material.

From this discussion, it is our understanding that you have transferred all of the licensed material contained in the gauges to the respective manufacturers and that you now possess no licensed material. A request to terminate your license will be sent to the Region I Office at 475 Allendale Road, King of Prussia, Pennsylvania. Enclosed for your use is a Certificate of Disposition of Materials (NRC Form-314) which should be completed and returned with your request to terminate your license. If our understanding is incorrect, please inform us in writing.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter will be placed in the Public Document Room. Should you have any questions concerning this inquiry, we will be pleased to discuss them with you.

Your cooperation with us is appreciated.

Sincerely,
