SUMMARY

Mr. Fujii returned my call regarding their license amendment submitted May 30, 1990. They want to add a location of use for another Keyex Analyzers. Current license is for Hornet Turbine Components Corp. Alloy Division Roy St, Daren NJ. The location authorized is "license's facility at Roy St, Daren NJ. They want to add Casting Division, Roy St, Daren NJ. After consultation with J. Johansen it was decided that this amendment would be voided since the Casting + Alloy buildings are next to each other at the Roy St facility, which was currently authorized as the location of use. ~~License~~, Mr. Fujii was told of this action and told if he needs to amend license in future to indicate all buildings where authorized use is taking place but that a separate amendment was not needed.
