Attn: Mr. M. D'Amore
Manager, Columbia Plant
Nuclear Fuel Division
Drawer R
Columbia, South Carolina 29205

Gentlemen:

This refers to the inspection conducted by Mr. D. W. Jones of this office on January 8-11, 1979, of activities authorized by NRC License No. SNM-1107 at Westinghouse Electric Corporation and to the discussion of our findings held with Mr. M. D'Amore at the conclusion of the inspection.

The area examined during this inspection was your program for safeguarding special nuclear material under the applicable provisions of Title 10, Code of Federal Regulations, Part 70, "Special Nuclear Material," and specific requirements of the above license. Within this area, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspectors.

We have examined actions you have taken with regard to previously identified enforcement matters. These are discussed in the enclosed inspection report.

During the inspection, it was found that certain activities under your license appear to be in noncompliance with NRC requirements. This item and references to pertinent requirements are listed in the Notice of Violation enclosed herewith as Appendix A. This notice is sent to you pursuant to the provisions of Section 2.201 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations. Section 2.201 requires you to submit to this office, within 20 days of your receipt of this notice, a written statement or explanation in reply including: (1) corrective steps which have been taken by you and the results achieved; (2) corrective steps which will be taken to avoid further noncompliance; and (3) the date when full compliance will be achieved. Details of activities involving safeguards and security measures are exempt from disclosure in accordance with 10 CFR 2.790(d). Therefore, your response should be incorporated in a separate paper and referenced in your reply.
