License No. 21-26060-01
Docket No. 030-31160

Gentlemen:

We are submitting statements in regard to violations cited Mid American Inspection Services during October 11, 1990, routine inspection.

Violation #1 Condition No. 11
Individual not listed in license condition No. 11
acted as Radiographer.

Response:

Item #1 Corrective steps that have been taken:

License Amendment was filed with N.R.C. Region III, to list Mr. Womack as Radiographer on October 19, 1990. Mr. Womack worked with Terry Wilkins, R.S.O. for this license until job was finished. Mr. Womack is laid-off until license Amendment is received.

Item #2 Steps to avoid further violation:

License Amendment will be filed by Mid American on training program to assure that condition #11 of license will not be violated again.

Item #3 Date when full compliance will be achieved:

We have completely corrected this violation in filing an amended license with information to Region III and releasing individual until Amendment is received, listing him as a Radiographer.

Violation #2 Dosimeter Pencil in use exceeded (1) year calibration period 10CFR 34.33 (C) S.N. 5090160

Response:

Item #1 Corrective steps that have been taken:

On October 14, 1990, this dosimeter was replaced with dosimeter S.N. 1612, with calibration due date of 1/22/91.

Item #2 Steps to avoid further violation:

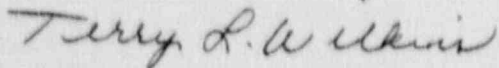

The R.S.O. shall be responsible to check calibration records, and to keep a log on dosimeter pencil calibration, to assure no further violation.

Item #3 Date when full compliance will be achieved:

Full compliance was achieved on October 14, 1990, when dosimeter pencil was replaced with dosimeter S.N. 1612, calibration due 1/22/91.

If you should have any questions or if we can be of further assistance, please don't hesitate to contact our office.

Sincerely,

Terry L. Wilkins
R.S.O.
