Dear Mr. Ketzlach,

On May 19, 1982 I spoke with you regarding Rockwell Internationals Materials License #SNM-21. In that conversation you told me that when Rockwell applies for a renewal it was not necessary for notice to be published and no notice would be published. Additionally, you told me a request for intervention status or for a hearing could be made any time prior to the expiration of the existing license.

I would like to confirm the above information.

Thank you very much.

Sincerely

Paul S. Tepper
