SUBJECT: RESPONSE TO ENFORCEMENT ACTION REGARDING LASALLE COUNTY STATION

Gentlemen:

Thank you for your September 24, 1990 letter which provided your response to our August 23, 1990 letter transmitting Inspection Reports Nos. 50-373/90009; 50-374/90012. Our letter requested that you provide the basis for your confidence in an individual involved in falsification of documents pertaining to the verification of the line-up of valves associated with a January 17, 1987 local leak rate test at the LaSalle County Station. Your response provided a description of how the individual's subsequent performance was monitored and your assessment that this performance was good. We, therefore, have no further questions on this matter.

Sincerely,

H. J. Miller, Director  
Division of Reactor Projects
