Docket No. 50-213

Mr. W. G. Council, Vice President
Nuclear Engineering and Operations
Connecticut Yankee Atomic Power Company
Post Office Box 270
Hartford, Connecticut 06101

Dear Mr. Council:

SUBJECT: SUBMISSION OF RADIOLOGICAL EFFLUENT TECHNICAL SPECIFICATIONS
(RETS)

On September 16 and 17, 1981, the staff met with representatives of CYAPCO to discuss your RETS and ODCM proposals. Many issues were resolved at that meeting and it is our belief that all outstanding issues were resolved in subsequent discussions between the NRC staff, CYAPCO, and Franklin Research Center (FRC), our contractor.

Recent telephone conversations between the NRC Project Manager and your staff indicate that you feel your formal submittal will be complete no later than October 1, 1982.

The purpose of this letter is to notify you that since few if any technical problems remain unresolved with your RETS and ODCM submittal, you are requested to assure that your final submission to the NRC of these documents will be no later than October 1, 1982.

Sincerely,

Original Signed By
Dennis M. Crutchfield, Chief
Operating Reactors Branch #5
Division of Licensing
