

2170 Park Drive
Harrisburg, Pa.
17111

Gentlemen:

Living within eight miles of Three
Mile Island has turned our lives into
one of depression (too many what ifs!),
fear (how do we get the kids who
attend school in another township?),
anxiety (do I really want to
turn the radio on this morning?),
nervousness (friends and
neighbors buying guns -
maybe they're panicky
too!), and meetings!!!

Prayer groups have
sprung up in local neighbor-
hoods as a chance for women
home during the day to join
together for
support in prayer
as well as place
of mind.

After having several friends over last week, I found all of us -

- 1) showed the same low opinion for government as well as Three Mile Island & co. but only since March 28, 1979 !!
- 2) decided not to add-on, remodel or ~~to~~ make any major purchases in the near future due to release of krypton-85 gas!
- 3) showed the same sign of fatigue, & strain in family relationships since we seemed to show our anxiety over this disaster more so than our hubbies!
- 4) have taken monies out of savings accounts, etc. to be ready to leave. My one neighbor closed out the credit union her husband set up at work & put it in traveler's checks.

3)

5) are in different ways
ready for an evacuation
prepared and otherwise!

6) have suffered emotionally
with all the conflicting
reports since March 28, 1979
and although there were
no lives lost to death
there are few of the local
residents who haven't lost
some life!!

We are concerned,
and if you have ever
been a child afraid
of the dark, you know
what we are experiencing
with Three Mile Island as
our neighbor!

If you
ever felt you
could trust no
one, than you
know what we →

are experiencing with our neighbors who operate & control Three Mile Island!

If you've ever prayed for a friend - someone to understand you with all your human faults, then you know what we are experiencing in asking you to care as a Christian. We are all brothers in Christ and must use our God-given senses for His good - not ours.

We ask Our dear Lord to guide your thoughts, words and actions for us all.

Respectfully,
Frank and Barbara Savini
