Dear Mr. Kayner:

As you know, your October 2 letter addressed to Energy Secretary Duncan has been referred to the Nuclear Regulatory Commission for reply. I presume the newscast you heard reported on a recent referendum in the State of Maine in which voters were asked to determine whether the Maine Yankee Nuclear Power Station should be permitted to continue in operation. The Maine Yankee facility continued to operate during the vote and is in operation today.

Sincerely,

Frank Ingram  
Assistant to the Director  
Office of Public Affairs

Dear Sir:

Recently there was a  
newscast which said that one of our  
Atomic Operated Power Plants was  
voted to be closed down. It may have  
been in Connecticut or a nearby State.

The latter is not certain, but it  
followed that it was closed down after  
operating for some time. This should
