

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

CFO

November 4, 1993

The Honorable John J. Duncan, Jr.
United States House of Representatives
Washington, DC 20515

Dear Congressman Duncan:

This is in response to your letter of October 19, 1993, requesting that the Nuclear Regulatory Commission meet with Mr. Hashem Hashemian, President of the Analysis and Measurement Services Corporation, a Nuclear Power Engineering Company located in Knoxville, Tennessee.

Officials from the company met with Commissioner Forrest Remick on October 25, 1993, followed by a subsequent meeting with the Commissioner's staff on October 27, 1993. They indicated at the end of the meeting that they were satisfied with NRC's response and that no further action was required.

Sincerely,

A handwritten signature in cursive script that reads "Dennis K. Rathbun".
