Re:Docket 50-289SP
TMI - Unit 1
Middletown, Pa

Dear Sir:

It has just been brought to my attention that TMI-1 is not being modified as are other similar units in the country.

It was not damaged. Bring it up to present standards and get it back on line.

I live in an area where my electric rates are twice what they would be if it were not for freaks like Jerry Brown and Jane Fonda.

We must move quickly to nuclear power. The rest of the world is.

Yours very truly,

Stanley B. Williams
