DOCKET NUMBER **50-289**  
PROD. & UTIL. PAC. ....

December 8, 1980

The Honorable John F. Ahearne, Chairperson,  
U. S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Commissioner Ahearne:

Three-Mile-Island Unit No. 1 should be  
restarted immediately.

This unit is by a different manufacturer,  
whose nuclear units have had many years of safe  
operation. There can be no excuse for not  
allowing this generating unit to operate, and  
thereby save much oil and many many dollars.

Sincerely,

*Raymond C. R. Schulze*
