

6402 TAMALPAIS AVE
SAN JOSE, CA 95120
December 5, 1980

DEAR MR. AHEARN,

The purpose of this letter is to urge you to take the action necessary to return TMI-1 to operation.

There is no valid reason for requiring TMI-1 to remain shut down at this time. There is, however, good reason for getting that plant back in operation. TMI-1 will save oil and will endorse that nuclear power is a safe source of power.

Sincerely,
A. G. Barclay
