Dear Sir:

I have recently learned that the Commission is to meet in Oak Ridge, TN, on 23 August 1982, and that the meeting will be concerned at least in part with the proposed Clinch River Breeder Reactor Project. I wish to make an oral limited appearance of five minutes or less during the period set aside for such purpose by the Commission. Please advise me of the time and place of the meeting.

Thank you for your consideration.

Sincerely yours,
