Subject: Communication between NRC and Bechtel
Structural/Mechanical Personnel

Dear Mr. McDonald:

Per the commitment of G. R. Skillman (GPUN) and Mr. C. McDonald (NRC) on Friday, 23 July 1982, we take this opportunity to inform you that we are continuing our activities on the REA casks and have requested additional structural/mechanical personnel to supplement both our and REA's activities. It is our intent to utilize employees of the Bechtel Corporation (Mr. Gene Thomas and Mr. Keith Gordon) in review of the SAR for the REA casks. We request that your review personnel be permitted to communicate with Mr. Thomas and Mr. Gordon in conversations relating to the structural analysis for the REA casks currently undergoing review.

Our current intent is to avail both of our organizations the opportunity for good communication. We ask that you please recognize that these people will be operating in our behalf.

Thank you.

Very truly yours,

Lance H. Lilien
