ADJUDICATORY ISSUE

December 20, 1993

(Information)

SECY-93-343

For: The Commission

From: John F. Cordes, Jr. Solicitor

Subject: LITIGATION REPORT - 1993 - 17

State of New Jersey v. Long Island Power Authority, No. 93-5613 (3d Cir., Dec. 1, 1993)

This is the latest court decision in litigation initiated by New Jersey to halt coastal barge shipments of slightly irradiated fuel from the Shoreham nuclear plant in New York to the Limerick nuclear plant in Pennsylvania. In October New Jersey sought emergency injunctive relief halting the shipments, but the federal district court, the court of appeals and the Supreme Court each refused to grant an injunction. New Jersey also unsuccessfully sought emergency relief from the Commission.

The district court not only denied New Jersey's request for an injunction but dismissed its lawsuit altogether. The United States Court of Appeals for the Third Circuit permitted New Jersey to take an expedited appeal. We collaborated with the Coast Guard and the Department of Justice in preparing and filing a full 50-page brief in just a few days. The NRC Staff greatly contributed to this effort.

On December 1, the court of appeals (Becker, Scirica & Pollack, JJ.) after lengthy oral arguments affirmed the district court judgment in an oral opinion from the bench. The court agreed with our position that federal district courts lack jurisdiction to consider defects in NPC licensing decisions, including claimed violations of the National Environmental Policy Act. The court also found no violations of NEPA or the Coastal Zone Management Act on the facts of this case.

The court indicated that it would issue a formal written opinion in due course. That opinion may prove a useful precedent for the future, especially on jurisdictional issues.

> NOTE: TO BE MADE PUBLICLY AVAILABLE IN 10 WORKING DAYS FROM THE DATE OF THIS PAPER

> > 1/21

120161 (9312280046 XA

It is possible that New Jersey soon will return to the court of appeals. On December 3 the Commission issued an adjudicatory decision rejecting New Jersey's request for a hearing (CLI-93-25). And the NRC Staff is expected soon to decide a 2.206 petition filed by New Jersey. Either or both of these decisions could trigger renewed litigation.

United States v. Oncology Services, Inc., No. 3: MI-93-207 (M.D. Pa., filed November 15, 1993)

This lawsuit seeks a court order enforcing OI subpoenas for documents. For a number of months OI has been seeking information from Oncology Services on its personnel, training and other programs. Oncology Services has complied in part with the subpoenas, but failed to produce documents that OI investigators have reason to believe exist. We referred the matter to the Department of Justice for enforcement.

DOJ approved the lawsuit and filed it in federal district court in Pennsylvania in November 1993. A detailed OI declaration and appendix, prepared in collaboration with OGC, support the government's request for an enforcement order. Oncology Services recently submitted papers in opposition to enforcement. We expect a prompt decision from the district court.

Contact: Charles E. Mullins 504-1618

Purkel v. Perkins, No. 93 L 575 (Circuit Ct., 10th Cir. of Illinois, Peoria County, filed October 4, 1993)

This is an automobile accident case that plaintiff has filed in state court against one of our employees. The accident occurred while the employee was on NRC business. We have contacted the United States Attorney's office in Illinois, which with our assistance will seek removal of the case to federal district court and ultimately its dismissal.

Under the Federal Tort Claims Act, individual government employees are not subject to personal suit for work-related common law torts; the exclusive remedy lies against the United States.

Contact: John T. Hull 504-1573

Zolotarevsky v. Selin, No. 93-40172XX (D. Mass., Sept. 30, 1993)

This is a <u>pro se</u> suit alleging national-origin and age discrimination in hiring. Plaintiff is an emigrant from the former Soviet Union who apparently has had difficulty finding employment in the United States. He unsuccessfully sought relief from the Equal Employment Opportunity Commission and now has filed suit in federal district court against the NRC.

We will work with the United States Attorney's office in Boston in defending this case.

1 THE COURT: For the record, again the 2 panel has conferred and has reached a 3 decision which we'll announce from the 4 bench, we'll announce our decision from the 5 bench, give the reasons for our decision 6 and answer a judgment based thereon, and in 7 our Order, make a notation that a written 8 opinion will follow, it may not follow in 9 any great hurry because of the complexity 10 of the issues and the burden is otherwise 11 on the Court, but a writt'sn opinion will 12 follow. 13 Now, the first issue is whether the 14 District Court properly concluded that it 15 lacked jurisdiction over New Jersey's 16 allegation that the NRC evaded its 17 obligations under NEPA, while that the 18 agencies evaded their obligations under 19 NEPA by fragmenting their decision-making 20 and avoiding the issuance of an appealable 21 final action. We'll affirm the District 22 Court's Order to that effect.

242 m 2 2000 2

20.00

23

24

We agree that the Hobbs Act provides for exclusive jurisdiction in the Court of

Jurist Reporting Service, Inc.

Appeals in this case. We have considered New Jersey's claim that the Susquehanna Case is controlling because of the putative fragmented decision-making by the NRC and the Coast Guard, and we rejected that claim, we do not agree that Susquehanna is controlling.

12- 6-83 12:41 AM ;

8 We have considered New Jersey's claim 9 that, since they are here, since you're 10 here anyway, since you're now in the Court 11 of Appeals, that that is the surrogate for 12 having petitioned initially, and we 13 likewise reject that claim. We note that 14 such a claim would be, such a putative 15 appeal would at all events be untimely, so 16 we do not reach, at least at this juncture, 17 the question of exhaustion of remedies.

But we are satisfied that the District Court was correct, that the court lacks jurisdiction over NRC with respect to the NEPA claim, because of the Hobbs Act consideration that you have mentioned, and secondly, the time for appeal, filing an appeal from an agency, from agency action,

Jurist Reporting Service, Inc.

1

DISATANIA

expired before New Jersey appealed it to this Court.

Now, we note that the District Court didn't really address the question of jurisdiction over the Coast Guard with respect to the NEPA claim. It clearly just didn't say anything on that subject.

12- 6-93 12:41 AM :

1

2

3

4

5

6

7

B We are satisfied that there is 9 jurisdiction. We agree with New Jersey 10 that there is jurisdiction over the NEPA 11 claim against the Coast Guard. And while 12 the District Court did not technically 13 address it, it seemingly ignored it, and 14 inasmuch as we are in a somewhat anomalous 15 procedural posture, for reasons that I'll 16 mention now and then reiterate later, we 17 are satisfied that the position of the 18 government appellees, that is the NRC and 19 the Coast Guard, is correct, that there is 20 no viable NEPA claim against the Coast 21 Guard.

22 More particularly, we do not believe 23 the Coast Guard violated NEPA, and we say 24 that because we are satisfied that NEPA

Jurist Reporting Service, Inc.

5

it :

2025144240:# 6/

1 applies only to major federal actions which 2 the agency is required to approve. We do 3 believe that the Coast Guard was required 4 to approve LIPA's plan to transport the 5 fuel by barge. In essence, the District, 6 inasmuch as the agencies properly opposed 7 that issue on their motion for summary 8 judgment, we considered that the District 9 Court should have in essence granted 10 summary judgment for the agencies on that 11 claim. 12 Count II is not before us because 13 that was dismissed by agreement. 14 With respect to Count III, the issue 15 is whether the District Court properly 16 determined, we are talking here about the 17 Coastal Zone Management Act claim, whether 18 the District Court properly determined that 19 the Coast Guard's approval of LIPA's 20 shipping plans was not an approval within 21 the meaning of the Coastal Zone Management 22 Act, (16 U.S.C. Section 1451, et seq.) and

24

23

12- 6-93 12:41 AM ;

We concluded that the CZMA claim of

2025144240:# 7/1-

6

Jurist Reporting Service, Inc.

the implementing regulations.

1 New Jersey against the Coast Guard fails 2 for two reasons: First, congruent with 3 what I said for the panel a few minutes ago, we do not believe that the Coast Guard 4 5 issued a required federal license or 6 permit, referring to our colloguy, although 7 we understand that implementing an 8 operating policy on this occasion, the 9 Coast Guard did require the shippers to 10 submit operation plans. We do not believe 11 that the idiosyncratic or occasional order 12 by the Coast Guard, that is, requirement by 13 the Coast Guard for such approvals is 14 sufficient to satisfy the law, so that we 15 do not believe that there is, as required, 16 federal license or a permit issued.

12- 6-93 12:41 AM ;

17Secondly and alternatively, we do not18believe that the overarcing mandate of the19statute is correct, that is, that there is20not on this record a major federal action21significantly affecting the environment.

22 We have considered New Jersey's 23 claims that the so-called socioeconomic 24 effect or the perception results that would

Jurist Reporting Service, Inc.

7

2025144240:# 8/1

adversely impact the New Jersey tourist industry may be considered and we reject those claims and we do not find them within the ambit of the Act.

12- 6-93 12:41 AM :

1

2

3

4

5

6

7

8

9

10

11

12

Finally, we consider the claims of New Jersey against LIPA a 4 PECO, under the Coastal Zone Management Act, not only would the successful defenses interposed by the agencies protect PECO and LIPA, but at all events, a viable claim would depend upon the existence of a private right of action emanating from the statute.

We have considered the arguments and have concluded that there is no private right of action arising under the Coastal Zone Management Act in favor of New Jersey against Philadelphia Electric Company and the Long Island Power Authority, therefore for all of these reasons, we'll affirm it.

20 Oh, I finally reached the question, 21 the third question, and that's as to 22 whether or not the District Court properly 23 declined to grant New Jersey's applications 24 for a preliminary injunction. And at that

Jurist Reporting Service, Inc.

8

2026144240:#

at this point is in force, you or I having found no basis for New Jersey's claims.

12-

1

2

3

4

5

6

7

8

9

10

24

0-33 12142 . N i

There was interalia, no probability of success on the merits, and accordingly the District Court did not abuse its discretion, that being the scope of review, in declining the request for preliminary injunction. For all of these reasons, the Order of the District Court, Order and judgment combin ...on, will be affirmed.

11And with all that said, I'll confer12briefly with my colleagues to see if I have13misspoken, and in any event give them an14opportunity to supplement this brief bench15opinion.

16 This is not something that we do
17 regularly in our court, I frankly think
18 it's a very good practice in our courts;
19 the 6th Circuit does it routinely.

20It's usually a lot easier than in21this case, but due to the complexity of22this case, I'm just going to ask, may I ask23my colleagues whether I misspoke.

그는 그 것 것 것 같아? 그 요즘 왜 그 요즘 것 것 같아?

(Whereupon, the judges confer.)

Jurist Reporting Service, Inc.

9

THE COURT: By way of amendment or correction, and counsel certainly ought to immediately arrange with the clerk's office to get a transcription of this tape so that we have our words in writing and can move quickly.

12- 8-93 12:41 AM ;

1

2

3

4

5

6

7 In our published opinion, while I 8 don't amend the panel's disposition of the 9 NEPA claim against the Coast Guard having 10 stated that that might appropriately be the 11 basis for summary judgment, we'll also 12 consider as to whether that might more 13 properly have been a basis for a dismissal 14 rather than summary judgment, and I may not 15 have made it clear that, with respect to 16 the CZMA claim against the NRC as well as 17 the Coast Guard, that that likewise fails 18 for lack of a major federal action 19 significantly affecting the environment. 20 Now with respect to the ---21 (Whereupon, the judges confer.) 2 THE COURT: Now it may be that I have 22 misspoken in some respects, and I say to 24 counsel for the victors, I remind you of

Jurist Reporting Service, Inc.

10

2025144240:#11/1-

1 the old adage, save me from my friends, I can handle my enemies at this point. I am 2 3 your putative friend because I have decided 4 for you, the panel has decided for you. I 5 announced the panel's opinion, but if I 6 have misspoken or if I have stated anything 7 that will undermine the panel's judgment, 8 you're at liberty to come up and tell me 9 right now, tell us right now. 10 Mg. Hazard? 11 MS. HAZARD: I just wanted to 12 clarify, that under NEPA, it's a major 13 federal action significantly affecting 14 environment. There is no language for 15 required federal license or permit. That's 16 only under ---17 THE COURT: That's under the Coastal 18 Zone Management Act. 19 MS. HAZARD: Right, and I wanted to 20 clarify that, I just want to clarify that. 21 THE COURT: If I said that, it's 22 surplusage and we'll consider it deleted. 23 MS. HAZARD: Okay. 24 THE COURT: But under the Coastal

12- 6-93 12:41 AM ;

Jurist Reporting Service, Inc.

11

2025144240;#12/1-

1 Zone Management Act, we are dealing with a 2 required federal license. 3 Anything else? Well, I would ask counsel if they 4 5 would like -- do you want a transcript of 6 this? Given the nature of the proceedings, 7 the panel feels it would be helpful to also get a transcript of the argument. Now, you 8 9 can order that with our very able crier 10 here, Renaldo Macaba (sic.), but whoever is 11 going to transcribe it, the direction 12 should be that the bench opinion should be 13 done immediately. And I mean immediately, 14 if not sooner as they say, and then the 15 rest of it can abide (inaudible). 16 Is there anything further? 17 (No response.) 18 THE COURT: Very well. We are going 19 to recess court, and we are going to follow 20 an experimental practice of this Court of 21 expressing in person our appreciation for 22 your very able -- this was a tough case --23 the briefs brilliantly in very short order 24 and both your briefs and your oral

ATTACHMENT -United States v. Oncology Services, Inc., No. 3: MI-93-207 (M.D. Pa., filed November 15, 1993)

PETITION FOR SUMMARY ENFORCEMENT OF ADMINISTRATIVE SUBPOENA

Petitioner, the United States of America, by its undersigned attorneys, hereby petitions this Court for an order requiring respondent, Oncology Services Corporation, to comply with certain subpoenas issued by the Office of Investigations of the U.S. Nuclear Regulatory Commission. This request is made pursuant to 42 U.S.C. § 2281. In further support of this petition, the Court is respectfully referred to petitioner's Memorandum of Points and Authorities in Support of Petition for Summary Enforcement of Administrative Subpoena, which is filed herewith.

As the basis for the petition, the United States avers as follows:

PARTIES, JURISDICTION, AND VENUE

 Petitioner is the United States of America, suing on behalf of the U.S. Nuclear Regulatory Commission ("NRC").

 Respondent, Oncology Services Corporation ("OSC"), is a corporation, with headquarters and business office in State
 College, Pennsylvania. 3. This Court has jurisdiction over this action pursuant to 42 U.S.C. § 2281 and 28 U.S.C. §§ 1331 and 1345.

 Venue in this district is proper pursuant to 28 U.S.C. § 1391(b).

STATUTORY AND REGULATORY BACKGROUND

5. The NRC is an independent regulatory agency created by Congress to regulate atomic energy and safety pursuant to the Atomic Energy Act of 1954, as amended. 42 U.S.C. §§ 2011 <u>et seg</u>. The NRC's responsibilities include licensing and regulating nuclear facilities in the interest of, <u>inter alia</u>, public health and safety, the environment, and national security. See 10 C.F.R. § 1.11(b).

6. The NRC may:

make such studies and investigations, obtain such information, and hold such meetings or hearings as the [NRC] may deem necessary or proper to assist it in exercising [its authority] . . . For such purposes the [NRC] is authorized to administer oaths and affirmations, and by subpena to require any person to appear and testify, or to appear and produce documents, or both, at any designated place.

42 U.S.C. § 2201(c).

7. The NRC has delegated authority to issue subpoenas to its Office of Investigations ("OI"). 10 C.F.R. § 1.36(e).

8. 42 U.S.C. § 2281 empowers district courts to issue orders enforcing subpoenas issued under 42 U.S.C. § 2201(c).

FACTS

9. On February 22, 1993, the NRC-OI issued seven identical document subpoenas, one to each of six OSC facilities in the

- 2 -

state of Pennsylvania, and one to OSC's headquarters in State College, Pennsylvania, in aid of an investigation into potential deliberate violations of NRC regulations by OSC. ("First Subpoenas"). True and correct copies of the first subpoenas are attached as Exhibit 2.

10. The first subpoenas relate to OSC's practices under NRC licenses which enable it to use or possess nuclear material in the treatment of human beings with radiation therapy, primarily in the treatment of cancer. The first subpoenas required OSC to produce documents relating to its licensed activities at several OSC cancer treatment facilities. The information requested pursuant to the first subpoenas is necessary for the satisfactory completion of the NRC investigation into possible deliberate violations of NRC regulations by OSC and for the protection of public health and safety.

11. The first subpoenas directed the Custodian of Records at the individual OSC facilities and at OSC headquarters in State College, Pennsylvania, to appear and provide documents at the offices of the NRC at 475 Allendale Road, King of Prussia, Pennsylvania 19406, on the 12th day of March, 1993, at 9:00 a.m..

12. NRC-OI investigators personally served the first subpoenas on the individual OSC facilities on February 25 and 26, 1993.

13. OSC provided some documents in response to the first subnoenas. However, based on the ongoing NRC investigation, the NRC has learned of the existence of specific documents and other

- 3 -

records which are, or should be, in the possession of OSC and are responsive to the first subpoenas, but which have not been produced by OSC.

14. In several oral and written communications with OSC legal counsel, NRC investigator Gerard F. Kenna requested that the respondent produce additional documents pursuant to the first subpoenas which he had reason to believe existed and to be within the possession of OSC.

15. During a July 9, 1993, telephone conversation with NRC investigator Kenna, OSC legal counsel stated that OSC would not release any remaining documents on the basis that they were not pertinent. In addition, by letter dated July 14, 1993, counsel for OSC claimed that the respondent had produced all documents in its possession which it considered to be relevant to the NRC investigation. However, in late July, OSC produced some additional documents responsive to the first subpoenas.

16. On August 24, 1993, the Director of NRC-OI issued a second subpoena to OSC headquarters. ("Second Subpoena"). A true and correct copy of the second subpoena is attached as Exhibit 7. In the second subpoena, the NRC made every effort to carefully describe the documents sought_and to limit the subpoena to documents which it believed to be necessary for the satisfactory completion of the investigation.

17. The date for compliance specified in the second subpoena was September 13, 1993. The second subpoena was faxed

- 4 -

to OSC legal counsel who agreed to accept service by fax. In ddition, service was accomplished by certified mail.

18. On September 16, 1993, OSC issued a letter objecting to the requests for information under various document categories identified in the second subpoena on the basis that they sought "irrelevant information," "information outside the scope of NRC's jurisdiction," were "unduly burdensome," or had previously been responded to by OSC.

19. Despite OSC's allegations, and based on information derived from its investigation of OSC to date, the NRC is aware of numerous additional records which are responsive to the first and second subpoenas, relevant to the investigation, not already within the possession of NRC, and which have not been produced by OSC.

20. OSC's failure to comply in full with the NRC subpoenas by refusing to produce additional documents within its possession, undermines the NRC's ability to complete its investigation into OSC's licensed practices and may seriously threaten public health and safety.

21. Both the first and second subpoenas advised OSC that it could request the Commission to quash or modify the subpoenas if such request is made "at or before the time specified in the subpoena for compliance." OSC did not file such a motion within the specified deadline and has not done so to the date of filing this petition.

- 5 -

RELIEF REQUESTED

WHEREFORE, petitioner United States of America respectfully requests this Court to:

 Order respondent, Oncology Services Corporation, to appear and produce documents in accordance with the first subpoenas and second subpoena at the time and place specified in those subpoenas on a date specified by the Court; and

2. Grant petitioner the costs of this action.

 Grant such other and further relief as this Court deems necessary and appropriate.

Respectfully submitted,

FRANK W. HUNGER Assistant Attorney General

DAVID BARASCH United States Attorney

IN THE CIRCUIT COURT OF THE TENTH JUDICIAL CIRCUIT OF ILLINOIS PEDRIA COUNTY

JOAN FURKEL and MICHAEL FURKEL,

Plaintiffs,

Case No: 93 L 00057:

131

KENNETH E. PERKIS,

v.

Defendant.

COMPLAINT

JURY DEMAND

NOW come the Plaintiffs, JOAN PURKEL and MICHAEL PURKEL, by their attorneys, G. DOUGLAS STEPHENS & ASSOCIATES, P.C., and complaining of the Defendant, KENNEIH E. PERKIS, state as follows:

1. The occurrence herein complained of took place on the 19th day of June, 1992, at approximately 12:53 p.m. in Proviso Township, County of Cook, State of Illinois.

2. At the aforesaid time and place, Interstate 294 runs in a generally northbound direction and has a paved exit ramp which exits onto Lake Street at or near Mile Post 31.6.

3. At the aforesaid time and place, the Defendant was driving, managing and operating a certain motor vehicle in a northbound direction in the right-hand lane on Interstate 294.

4. At the aforesaid time and place, the Plaintiff was a passenger in an automobile that was in the right-hand lane northbound on Interstate 294 stopped behind other stationary vehicles which were waiting to proceed onto the aforesaid exit ramp.

5. At all times hereinmentioned, Defendant had the duty to exercise ordinary care and caution in the operation of his motor vehicle.

6. At the aforesaid time and place, the Defendant committed one or more of the following negligent and careless acts or omissions or violations of Statute:

IN THE CIRCUIT COURT OF THE TENTH JUDICIAL CIRCUIT OF ILLINOIS PEORIA COUNTY

JOAN PURKEL and MICHAEL PURKEL,

Plaintiffs,

Case No: 93 L

KENNETH E. FERKIS,

v.

Defendant.

COMPLAINT

NOW come the Plaintiffs, JOAN PURKEL and MICHAEL PURKEL, by their attorneys, G. DOUGLAS STEPHENS & ASSOCIATES, P.C., and complaining of the Defendant, KENNEIH E. PERKIS, state as follows:

1. The occurrence herein complained of took place on the 19th day of June, 1992, at approximately 12:53 p.m. in Proviso Township, County of Cook, State of Illinois.

2. At the aforesaid time and place, Interstate 294 runs in a generally northbound direction and has a paved exit ramp which exits onto Lake Street at or near Mile Post 31.6.

 At the aforesaid time and place, the Defendant was driving, managing and operating a certain motor vehicle in a northbound direction in the right-hand lane on Interstate 294.

4. At the aforesaid time and place, the Plaintiff was a passenger in an automobile that was in the right-hand lane northbound on Interstate 294 stopped behind other stationary vehicles which were waiting to proceed onto the aforesaid exit ramp.

5. At all times hereinmentioned, Defendant had the duty to exercise ordinary care and caution in the operation of his motor vehicle.

6. At the aforesaid time and place, the Defendant committed one or more of the following negligent and careless acts or omissions or violations of Statute:

- Defendant negligently and carelessly failed to keep a proper or any lookout ahead for vehicles on said roadway;
- b) Defendant negligently and carelessly failed to keep his vehicle under a safe and proper control;
- c) Defendant negligently and carelessly failed to apply his brakes or reduce his speed in sufficient time to avoid collision with a vehicle on said roadway;
- d) Defendant negligently and carelessly operated his motor vehicle at a speed greater than was reasonable and proper and in such a manner as to endanger the safety of other vehicles in violation of 625 ILCS 5/11-601, (formerly found at Chapter 95 1/2, § 11-601(a), Illinois Revised Statutes); and
- e) Defendant negligently and carelessly followed too close to the vehicle of the Plaintiff in violation of 625 ILCS 5/11-710, (formerly found at Chapter 95 1/2, § 11-710(a), Illinois Revised Statutes).

7. As a direct and proximate result of one or more of the aforesaid negligent and careless acts or omissions or violations of statute by the Defendant, the vehicle being operated by the Defendant was caused to and did collide with the vehicle in which the Plaintiff was a passenger, thereby causing serious and grievous injuries to the Plaintiff.

8. As a direct and proximate result of the impact, the Plaintiff was thrown with great force and violence causing her to be seriously and grievously injured in that she sustained various bodily injuries including, but not limited to, derangement of her left knee, and has suffered great physical pain and mental anguish as a result of said injuries. Further, the Plaintiff has in the past and will in the future expend and become obligated to expend large sums of money for doctor bills, hospital bills and other bills for medical attention in an effort to be cured or relieved of the various injuries she sustained and has been hindered, hampered, and prevented from attending to her usual business and affairs with consequent losses and has in the past and will in the future be hindered, hampered and prevented from carrying on ordinary

affairs and duties to the same extent and in the same manner as she was able prior to the injuries.

WHEREFORE, the Plaintiff, JOAN PURKEL, prays judgment against the Defendant, KENNETH E. PERKIS, in an amount in excess of FIFTEEN THOUSAND DOLLARS (\$15,000.00), plus costs of this suit and demands a trial by jury of this Count.

COUNT II

1-8. Plaintiff, MICHAEL FURKEL, adopts and realleges the allegations of Count I, Paragraphs 1-8, as and for the allegations of this Count II, Paragraphs 1-8.

9. At all times hereinmentioned, Plaintiff, MICHAEL PURKEL, was and still is the husband of this Plaintiff, JOAN PURKEL, and, during all such times, Plaintiff, MICHAEL PURKEL, and this Plaintiff, JOAN PURKEL, were living and cohabitating together as husband and wife.

10. At all times hereinmentioned, the Plaintiff, JOAN PURKEL, was supporting and providing for her husband, Plaintiff, MICHAEL PURKEL, and prior to June 19, 1992, this Plaintiff's wife, JOAN PURKEL, was capable of supporting and providing for this Plaintiff, MICHAEL PURKEL, and did afford him certain pleasures in her society and companionship and Plaintiff, JOAN PURKEL, afforded this Plaintiff, MICHAEL PURKEL, certain comfort and happiness in her society and companionship.

11. By reason of the injuries which were suffered and sustained by this Plaintiff's wife, JOAN PURKEL, this Plaintiff, MICHAEL PURKEL, has been deprived of his wife's society and companionship and of her services; his comfort and happiness in her society and companionship has been greatly impaired and impeded, and such impairment and deprivation will continue for some time to come, all to the damage of this Plaintiff, MICHAEL PURKEL.

WHEREFORE, the Plaintiff, MICHAEL PURKEL, prays judgment against the Defendant, KENNETH E. PERKIS, in an amount in excess of FIFTEEN THOUSAND DOLLARS (\$15,000.00), plus costs of this suit and demands a trial by jury of this Count.

UNITED STATES DISTRICT COURT DISTRICT OF MASSACHUSETTS

WORCESTER, SS.

CIVIL ACTION No.

VICTOR A. ZOLOTAREVSKY, pro se, PLAINTIFF,

v.

COMPLAINT

IVAN SELIN, CHAIRMAN U.S. NUCLEAR REGULATORY COMMISSION, DEFENDANT

I. INTRODUCTION

1. This is an action seeking redress for the violation of rights guaranteed to the plaintiff and others of his class by Title VII of the Civil Rights Act of 1964, 42 U.S.C. section 2000(e) et. seq., and by Age Discrimination in Employment Act of 1967 as amended, 29 U.S.C. section 621, et. seq.

2. Pro se, Plaintiff, Victor A. Zolotarevsky is a 61-year-old, white male, and a naturalized American citizen since May 23, 1980. At the moment Plaintiff is unemployed without any sources of income, seeking equitable and monetary relief for violation of Title VII of Civil Rights Act, National Origin and Age Discrimination in Employment.

3. The plaintiff bring this action on his own behalf and on behalf of others of his class pursuant to Rule 23(a) and (b) of the Federal Rules of Civil Procedure. There are numerous violations of rights for those seeking equal employment opportunities without discrimination on the basis of National Origin and Age.

The claim and defense of the plaintiff is typical of the claims and defense of the class; and the plaintiff will fairly and adequately protect the interest of the class. Defendant has adopted rules and policies bostile to the first generation of naturalized American citizens from the former Soviet Union. But, the most severe discrimination has been directed and continuously supported against people of Russian descent. Defendant has refused to eliminate discrimination, which have deprived and will continue to deprive the plaintiff and others of his class of their rights to equal employment opportunities in this country secured to them by Title VII of the Civil Rights Act and Age Discrimination in Employment Act of 1967. 4. This is a proceeding for a permanent injunction to restrain the defendant from maintaining any policy or custom of denying or limiting the rights of Plaintiff and others of his class to equal employment opportunities at the Nuclear Regulatory Commission, an agency of the Federal Government.

II JURISDICTION

5. The jurisdiction of this Court is invoked under the 28 U.S.C. 1345; under section 707(b) of Title VII of the Civil Rights Act of 1964, 42 U.S.C. section 2000(e)-6(b) and under the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. section 621, et. seq., 42 U.S.C. section 2000(e), et. seq. (Title VII) providing for injunction and other relief against national origin and age discrimination in employment.

6. The plaintiff has filed the complaint through the Equal Employment Opportunity Commission of the Office of Federal Operation and has received its permission on September 17, 1993 "Right To File A Civil Action (SA1092)" in the United States District Court. Exhibit 1 (2 pages).

7. This Civil Action is raising the important Political, Social, and Legal issues applicable to a large segment of the American population. The Political Persecution conducted by Federal agencies and defense contractors in this country against naturalized American citizens from the Eastern European countries during the past 40 years of the Cold War was based strictly on their National Origin.

The social issue divides the American Citizens down the middle, citizens and second-class citizens. The value of the Citizenship can be undermined by a small minority with political power in their hands. This minority, which includes the Justice system, using vague laws artificially divided the American citizenship at different levels.

The legality of this matter is that no one political or judicial institution in this country willing to raise its voice against powerful agencies, companies or institutions. That is why this case should not be decided by a single judge or group of judges. Only a Jury trial can provide some element of Justice.

8. In accordance with Plaintiff's Constitutional Rights, he requests a Jury trial in this case.

III PARTIES

9. Plaintiff, Victor A. Zolotarevsky, is a Naturalized citizen of the United States of America and the State of Massachusetts, residing in the county of Worcester, Massachusetts. The Plaintiff, former citizen of the Soviet Union, has lived in the U.S. with his family for the past 19 years. He has been a citizen of the U.S. for the past 13 years. His family escaped the political persecution in their own country and came to U.S. as political refugees in November 26, 1974.

10. The Nuclear Regulatory Commission (NRC) is a Federal agency which coordinates the safety and the technical activities of Nuclear Civil Industries in this country. This agency issues the operation licenses to the Nuclear Power Stations, as well as licenses to individual employees employed by each Nuclear Power Station. The NRC as a Federal agency located in Rockville, Maryland and has offices in each Federal subdivision. This agency has the power to sue and be sued in its Federal name.

IV ALLEGATION

GENERAL ALLEGATION

11. During 17 years of residency in this country, the Plaintiff and others of his class have suffered and continue to suffer Political Persecution, interrogations, intimidation, and open hostilities from representatives of Federal agencies as well as any defense contractor in this country.

12. The naturalized American citizens from the Eastern European countries have suffered and continue to suffer enormous damage inflicted to them by Discrimination in Employment on a basis of the Cold War between the former Soviet Union and the United State of America.

13. To cover-up this outrageous historical event and hide the fact of Political Persecution, interrogation, and intimidation defendants' lawyers use fraud, and a wide range of deception. However, they are not alone; they have support not only from the organizations design to support and promote discrimination in employment like the EEOC. EEO, MCAD etc. To worsen the situation, the Court system at the State and the Federal level supports discrimination in employment as well. 14. The defendant, NRC, holds a monopoly on a Nuclear Industry in the United States of America. This agency through the licensing requirements of each Nuclear Power Station dictated the nationality of employees hired. During the past 17 years in this country, the Plaintiff applied for employment hundreds of times to Nuclear Power Stations as well as the NRC without any single interview. This is not a single case of discrimination in employment, but the Policy of Political Persecution supported and promoted by the NRC.

15. During the Administrative Court hearing of this case defendant tried to build its defence on two main points:

a. The first point used by the defendant is an attempt to discredit Plaintiff's education and work experience. NRC has used employees without specific knowledge in the Mechanical Engineering field as witnesses. In support of its claim the NRC submitted a few applications of employees which were hired by the NRC. However, these applications clearly indicated that the Plaintiff has more education and more experience in Mechanical Engineering and in Nuclear Engineering.

b. The second point used by the defendant is an attempt to cover-up the main factor in hiring new employees at the NRC. The main factor is their requirement to hire an applicant with a chance at a security clearance. The NRC has one of the highest security clearance requirements in the U.S. (Top security clearance plus project security). NRC's employee testifying at the Administrative Court hearing about the prime review of incoming applications was a FBI agent working for NRC's per mnel department.

16. During the past 17 years of residency in this country plaintiff and others of his class suffered severe Political Persecution against them without any verification of their political preferences and their national loyalty. The persecution which can be elevated to the level of the action conducted by the German nazi against people of Eastern Europa. The main component of this Political Persecution conducted by some agencies of the Federal Government and any defense contractor in the U.S. against the former citizens of the Soviet Union was and will be the discrimination in employment. Exhibits from 2 to 42.

SPECIFIC ALLEGATION

17. During the past 17 years of residency in this country (1974-1991) the Plaintiff applied for employment with different Nuclear Power Stations as well as with the NRC. He has submitted hundreds of resumes during this period and did not receive a single interview. The reason for this situation is very simple. The NRC is using its regulatory power to police the Nuclear Industry in this country to prevent the employment of secondclass citizens for purity. Exhibits from 43 to 61.

18. Since June 1980 the Plaintiff submitted his Federal Employment application to the NRC on a regular basis. Usually, the NRC did not respond to the Plaintiff's applications at all. When the Plaintiff called and requested an answer, the NRC always mailed a negative response. Additional to the large number of resumes plaintiff has submitted four Federal applications to the NRC, one in 1980, the second in 1984, the third in 1989, and the fourth in 1990.

19. On July 7, 1989 the Plaintiff came to the Open-House for Federal employment. However, the NRC representative did not want to talk to the Plaintiff when he learned about the Plaintiff's heritage. NRC's representative categorically rejected to accept Plaintiff's application for employment. Plaintiff mailed his application to the NRC, and after five days it was mailed back to the Plaintiff's address without any review or consideration. Exhibits from 62 to 68.

20. At the end of 1990 the Plaintiff resubmitted his application to the NRC. And, no response was given until he called the NRC and requested an answer. Plaintiff received a negative response as usual. But, at this time the Plaintiff decided to file a Complaint of discrimination in employment and to pursue this case to the Supreme Court of the United States of America.

21. On May 30, 1991 the Plaintiff mailed his letter of Complaint to Miss M. Mocre, EEO Counsellor. In accordance with telephone conversations with the Plaintiff, Miss Moore requested Plaintiff's employment application. On November 13, 1990 the Plaintiff mailed his SF 171 Employment application to the NRC with a list of diplomas, a resume, cover-letter, and a Notice of Results from the Boston Area Office. The NRC trashed all these documents without any consideration for hiring the applicant. This was confirmed during the Administrative Court hearing. The Administrative Judge took these documents from the Plaintiff and handed them to the NRC representative. Exhibits 69 and 70. 22. Plaintiff has a high level of professional education which includes the following credentials:

a. Two years of Merchant Marine Trade School - steam turbines, boilers, and auxiliary equipment (the same equipment used in every Nuclear Power Station).

b. Oiler certificate - operation of the steam turbines, boilers, and auxiliary equipment (the same basic equipment used by any Nuclear Power Plant).

c. The Institute of Navy Engineers - Nuclear propulsion system for sea going vessels which are more complicated in design and operation than any stationary Nuclear Power Plant (WCR and WBR).

d. Steam Engineering license from Maryland (1976) and Ohio (1982) which includes some equipment applicable to any Nuclear Power Station..

e. Professional Engineering Registration in the State of Massachusetts and New Hampshire (1984), each area of this test is applicable to equipment use for any Nuclear Power Plant.

g. Plaintiff updated his professional education between 1983 and 1989:

- * Theoretical and applied Mechanics
- * Vibration of Mechanical Systems
- * Digital Signal Processing
- Acoustical Noise Control for Computer and Industrial equipment

* Methodology and Techniques of Environmental Screening

* Thermal design of Electronic Equipment

* Finite Element Modeling applicable to Thermal Management for Electronic packaging and Power Plant Equipment

* Model Testing Theory and Practice

* HP Dynamic Analyzer, SMS, ANSYS, MSC/NASTRAN, and CAM/CAD software operation

* Plaintiff's education and work experience has been evaluated by the Civil Service of the Federal Government at a higher level in several Mechanical Engineering areas than any Engineer employed by the NRC (above 85 percent to

95 percent).

Exhibits from 71 to 96.

23. During 17 years of residency in this country the Plaintiff received offers for employment from different companies and corporations. However, these companies and corporations were not able to provide stable employment in result of their economic decline. These companies are taking advantage of Plaintiff's unfortunate situation, using the skill of a high level Engineer at a quarter of the cost without any job security. In addition, Plaintiff has received a number of recommendations from his coworkers and managers which outlined Plaintiff's skill and abilities. Exhibits from 97 to 111.

Defendant's statement that Plaintiff does not have 24. Nuclear experience in this country is unfounded. This statement targeted naive and unprofessional people in the Mechanical Engineering field. The safety Rules and Regulations applicable to the Nuclear Industry in this country can be used by any Engineer who has proper training and experience in designing or operating Power Plant Equipment. The NRC hired hundreds of young Engineers who are unable to memorize the safety Rules and Regulations during the first year of employment. The NRC is an organization of deception and fraud. To protect its KKK and neo-Nazi ideology, this organization will be able to commit any unethical or criminal act. The attached list of their employees, which the Plaintiff received from the special investigator hired by NRC, has confirms their discrimination in employment against naturalized American citizens of Russian descent. Exhibits from 111 to 118.

25. On January 22, 1991 somebody tried to kill the Plaintiff's son, a college student attending Worcester Polytechnic Institute (WPI). In result of this accident Plaintiff's son became blind. The Plaintiff does not have the time and proper financial resources to recover from the incident and his struggle with the court system.

Wherefore, plaintiff respectfully prays for this Court to advance this case on the docket, order a speedy jury trial at the earliest possible date, and cause this case to be expedite on its way. Upon such a hearing, the jury should consider the following:

a. Award the Plaintiff and others of his class relief as the Court deems just, reasonable, and appropriate to correct the injustice suffered by the Plaintiff and others of his class.

b. Direct the defendant, NRC, to award the Plaintiff a pension and all retirement benefits equal to their retired permanent employees with equivalent work service (June 1989 to February 1995).

c. Direct the defendant NRC, to stop any hostile action against naturalized American citizens of Russian descent.

d. Award the Plaintiff the Court costs and reasonable attorney's fee, if he will be able to find a lawyer on a contingency basis.

Respectfully submitted,

um

Victor A. Zolotarevsky, pro se, Plaintiff 242 Boylston Street Shrewsbury, MA 01545 (508)842-6890

Dated: September 30, 1993

. . . .
