To whom it may concern,

I would like to express to you my concern over the status of the proposal of Louisiana Energy Service. It concerns me that the DEIS on the LES uranium enrichment fails to consider the plant's social and economic impact on the communities of Forest Grove and Center Springs.

I feel that the DEIS is incomplete and that the final Environmental Impact Statement on LES **must consider** all the social and economic impact on the two communities.

Thank you for your time in this matter.

Sincerely,
Lisa Smith
