To Whom It May Concern:

I would like to express my concern regarding the Draft Environmental Impact Statement (DEIS) produced by the Nuclear Regulatory Commission (NRC) on the proposed Louisiana Energy Services (LES) plant.

I want to point out that the DEIS on the LES uranium enrichment plant fails to consider the plant's social & economic impact on the communities of Forest Hill and Lake Charles. I consider the DEIS incomplete until the impact on the two communities is considered.

Please advise me of any changes to DEIS. My name and address are listed below. Thank you.

Sincerely,
Jeff Schwarz
