re: Louisiana Energy Services Plant Proposal

Dear Sir or Madam:

I believe that the Draft Environmental Impact Statement on the Louisiana Energy Services Uranium Enrichment Plant fails completely to consider the social and economic impact of development of this plant on nearby communities of Forest Grove and Center Springs. This is a serious deficiency in this document. The Final Environmental Impact Statement, to be legally adequate, must consider in detail all the social and economic impacts on these two and surrounding communities. I certainly hope it will do so.

Thank you very much for your consideration.

Very truly yours,

Luke J. Danielson
