

12/5/13

Dear Sir,

I am extremely concerned that the DEIS on the Lewis and Energy Services uranium enrichment plant fails to consider the plant's social and economic impact on the communities of Forest Lake and Center Springs. These communities, which are located within one-half mile of the plant site, are NEVER INDICATED in ANY of the DEIS's 38 maps or diagrams! Only one reference is made in the text (of the DEIS) of these two communities which should be most affected by LEIS plant. This not only shows legal irresponsibility, but shows a blatant lack of moral responsibility as well.

Sincerely,

Vicki Elder-Urning
