Dear Sir:

I am an older citizen that live in the Forest Grove community. I am deeply concerned about the Uranium Enrichment Plant being in the community. I feel as though in the environmental impact statement more should have been said about the effects of the plant in the community. I feel as though the Forest Grove Community was completely left out and we deserve some attention from your agency about the effect it will have on our lives.

I hope you give this letter some thought. Please send me a copy of the environmental impact statement. Thank you for your consideration.

Sincerely,

Alberta Harris
