MEMORANDUM FOR: The Chairman  
Commissioner Rogers  
Commissioner Remick  
Commissioner de Planque

FROM: James M. Taylor  
Executive Director for Operations

SUBJECT: LICENSE RENEWAL RULEMAKING

In support of the License Renewal Commission paper, the staff has established an ambitious schedule for promulgation of the proposed and final rulemaking for license renewal.

In order to meet the schedule, all organizations will have to devote priority attention to completion of their activities. The staff will have to coordinate closely with ACRS since the normal lead time for ACRS review has been reduced. A License Renewal Rule Steering Group and a License Renewal Rule Working Group have been established to provide the focused effort needed to accomplish the activities associated with the ambitious schedule.

Enclosed is a memorandum from the Director, NRR, establishing the Steering Group and Working Group. It also sets forth the accelerated rulemaking schedule.
