Shreve, Louisiana
December 14, 1943

Chief, Enrichment Branch
Division of Fuel Cycle Safety and Safeguards
Office of Nuclear Material Safety and Safeguards
U.S. Regulatory Commission
Washington D.C.

Dear Sir:

You are allowing forty five days
for us to respond to the Draft Enrichment
Material Statement (NUR E-5-11454) in
time is not sufficient to first, receive
the publication, the study, and to make
comments, will you please extend
the time ninety days since the
Christmas holidays will interrupt our
efforts? We are asking for ninety
day beyond January 16, 1944.

We shall appreciate your consideration to
the request.

Respectfully yours,
David Spurney, Head
