Dear Mr. Surmeier:

Enclosed for your review are six copies of the final Long-Term Surveillance Plan (LTSP) for the Lakeview, Oregon, Uranium Mill Tailings Remedial Action (UMTRA) site. The Lakeview LTSP has been revised based on comments received from the Nuclear Regulatory Commission (NRC). A comment response document is also enclosed that identifies the NRC comment and the UMTRA Project Office response. The LTSP does not contain documentation on title transfer of the disposal site. The state of Oregon is currently finalizing the title documents and the UMTRA Project Office will work with the Army Corps of Engineers in the near future to finalize the title transfer.

Should you have any questions, please contact Steven Hamp at (505) 845-5640.

Sincerely,

Albert R. Chernoff  
Project Manager  
Uranium Mill Tailings Remedial Action  
Project Office
