Re: LICENSE NO. 52-01946-07

Dear Mr. Wright:

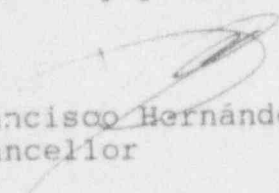

In accordance with provisions of 10 CFR 20.2002(a), we are requesting authorization to dispose of Low Level Wastes (LLW) containing Tritium (H-3) and Carbon-14 which comply with section 20.2005(a)(1), but which could be mixed with small amount of laboratory wastes such as paper towels, gloves and pipets.

This petition is of temporary character, since we are in the process of performing the compliance tests requested by NRC in our license amendment No. 14 dated September 15, 1993; specifically addressed by conditions 26(a) as to our incinerator is concerned.

Your prompt approval to this request will allow us to ease the accumulation of undue wastes in our storage room.

Thank you in advance for your cooperation with us in this matter.

Sincerely yours,
