JOHN O'NEILL'S MOTION TO DEFER SUBMISSION OF EXPERT WITNESSES AFFIDAVITS UNTIL  
THE SUMMARY DISPOSITION ISSUES ARE SETTLED.

Since very few of the contentions are not included in the Summary Disposition  
motions;

and since the proceeding will not advance until the Summary Disposition issue  
is decided;

and since good progress has been made by intervenors in obtaining expert  
witnesses;

and in light of the fact that granting this motion will further aid intervenors  
procure witnesses, and thus fulfill their mandate to develop a full record;

and since granting this motion will result in no delay of the proceeding, no pre-  
judice to any party,

I move that the Board defer the deadline for submission of expert testimony  
until the summary Disposition question has been ruled upon.

Respectfully submitted,

*John O'Neill*
