Gentlemen:

The Westinghouse Electric Corporation hereby submits changes to the FNMC Plan for the Commercial Nuclear Fuel Division's (CNFD) Fuel Manufacturing Plant located near Columbia, South Carolina. These changes are being reported in accordance with the provisions of 10CFR70.32(c), since they do not decrease the effectiveness of the currently approved program.

In accordance with our June 21, 1991, agreement, such changes are reported via letter on a quarterly basis; then, changed pages to the Plan are formally submitted on an annual basis -- in this case, October 1, 1994.

Details of the changes are presented in Attachment 1 to this letter. Westinghouse requests that Attachment 1 be withheld from public disclosure in accordance with provisions of 10CFR2.790(d). If you have any questions, please write to me, telephone (803) 776-2610, extension 3426, or fax (803) 695-3964.

Very truly yours,
