Wiedeman and Mr. David Novel, Director, Painesville Township Park, on December 20, 1993, regarding the results of our radiation measurements. The results of our preliminary survey findings were discussed with you, Douglas McLean, Robert Horvath and Milton Hite at the conclusion of the inspection on December 6, 1993.

The enclosed copy of our inspection report identifies areas examined during the inspection. The inspection consisted of observations, independent measurements, and interviews with residents and representatives of the Township of Painesville, Ohio.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter, and the enclosures will be placed in the NRC Public Document Room.

We will gladly discuss any questions you have concerning the inspection.
