RE: IN CAMERA TRANSCRIPT and MOTIONS FOR SUMMARY DISPOSITION

Dear Administrative Judges:

Pursuant to Board Order of July 26, 1982, CBG provides the following requested information:

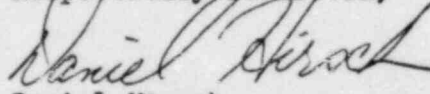

(1) CBG is aware of no sensitive security information revealed during the in camera portions of the recent prehearing conference and therefore is of the view that the transcript should not be withheld from public disclosure.

As CBG obtains its copies of prehearing conference transcripts from the local public document room, CBG is not now in possession of the transcript of the in camera session. (CBG, therefore, requests that it be advised, whether or not the transcript portion in question is released for public disclosure, how it may obtain said transcript portion.)

However, discussion with the CBG representatives present during the session indicate it is their unanimous opinion that nothing that transpired therein need be protected from public disclosure.

(2) It is CBG's intention to move for partial summary disposition as to Contentions XIII and XVII.

Respectfully submitted,

Daniel Hirsch
President
