Dear Mr. Chairman:

The Committee is concerned with the procedures used by your agency in conducting work for other Federal agencies and non-Federal entities.

Please provide a list of all work performed for others including the amount and source of funding and a description of the work performed. The listing should include all work performed by your agency that is not included in direct appropriations to your agency.

In responding, you should justify your involvement in these programs and include a description of the billing procedures used for reimbursement indicating the extent of full-cost recovery.

This material for fiscal years 1993 and 1994 should be provided within 30 days from receipt of this letter. The information should also be provided along with the justification materials for future budgets.

Sincerely,

John T. Myers
